ELECTION! ELECTION!

MAYOR'S OFFICE,
LITEUT RALEIGH, March 5, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 6th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums or denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as and of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for these special purposes on all the persons and subjects of taxation on which said Board of Commissioners now or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and expended and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as "sinking fund" to the payment of the principal money of said bonds, and so do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section, until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a slip folded containing the printed or written word "Approved." Those disapproving the same shall deposit in the ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioner authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made under such rules and regulations as govern in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 24 day of March, A. D. 1869.

(Signed,) TOD R. CALDWELL,
President of the Senate.

(Signed,) SPEAKER of the House.

IMPORTANT TO MILL OWNERS.

IN ORDER to accommodate the Milling public with GODWIN'S PATENT VENTILATOR AND BOLTING CLOTH CLEANER, the undersigned has reduced the price of his Smut Machines to $75. The two will be combined. This important invention guards against damp wheat and damp weather, thoroughly cleaning the Cloth each revolution the Reel makes, and filling the Reel all the time with cold air. Send back your old Machine and have them renewed there by saving the price of a new machine. They will be returned and warranted for four years. In no case buy a Smut Machine without writing to me first as there are Machines now being sold as McMannen's Smut Machines which are only an imitation.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MARCH 24, 1869.

THE UNIVERSITY APPROPRIATION.

It will be seen by reference to yesterday's proceedings in the House, that the bill appropriating $12,000 to the University came up under the special order. Some days ago this bill was postponed until the Common School bill should pass. The motion to reconsider this vote came up and elicited some good remarks from Mr. Malone. He characterized the bill as an outrage upon the people of the State. And it is an outrage. There are now at the University some eight students according to the last exhibit of the Pilgrim. There are some "five or six Professors," who had been employed, according to Mr. Malone, at large salaries — and that too "before a single pupil had entered the College," whilst up to this time, one of the Professors from Missouri, "has not made his appearance." There are three negroes also employed to wait on the eight young men. For all this the handsome sum of $12,000 must be appropriated. At that rate education in North Carolina becomes an expensive article and comes strictly under the head of luxuries.

Mr. Malone says, that this great expense is to be incurred to "support a set of five gentlemen who are out of employment." He thinks the whole thing wrong, and he proposes most justly and wisely to "wait until the people begin to send their sons to this Institution" before such an expenditure is made. He says further, that, "in days gone by — even in the days of our prosperity — this institution opened with only two Professors; but *now* without a half dozen pupils — *now* it is necessary to start out with a grand corpse of teachers sufficient to conduct a school upon the plan of some grand European University! But, Mr. Speaker, I am surprised at the ridiculous conduct of members of this House who urge this measure."

Very "ridiculous" indeed, Mr. Malone, and the people of North Carolina will hold their public servants who thus fritter away their money to a strict accountability.

But there is another point in the remarks of Mr. Malone that deserves notice. He shows how absurd is the charge against the Conservative members of the House that they are actuated by "captious motives." He then remarks:

"Now, if I were disposed to look in a party view, I would say that the leaders of this party, are acting to *bad faith* with the colored men of this House and of the State. They hold up the terrible *party lash*, and say to colored men, come into the *traces*; bow to the yoke of party drill; yet it is known that they have excluded the colored men from that institution, although they hold out the tempting bait to the colored man, that he is entitled to glorious privileges,—yet he shall not enter this institution, although Senator Abbott told the Convention that it would be unjust to close this institution to any class of persons, yet they intend that he shall not enter the College."

All this is true. The colored man is used as an instrument to advance their selfish, agrarian ends, but when time comes for the bestowment of favors, he is made to stand aside as not exactly entitled to the emoluments of office, or the honors supposed to be attached to an education acquired at the University.

We hope that the Legislature will not make this $12,000 appropriation until a sufficient number of students are matriculated to require the attendance of such a faculty. It will simply be an outrage upon the oppressed people of North Carolina to draw from their pockets such an amount of taxation, when only eight or ten boys are to be benefitted, and five Professors, who are out of a lucrative job.

ECONOMY AND RETRENCHMENT.

"Mr. Hayes introduced a bill to defray the funeral expenses of the late Hon. D. R. Ilsley. Appropriates $780, and provides for the expense of the Committee, who attended his remains home.—*Senate Proceedings.*

We hope the people of North Carolina will mark this evidence of Radical reform and retrenchment. A member of the Senate dies and his body is carried North for burial—to his "home" as the above extract says. It costs the State $780 for the mere funeral expenses. That however we are not disposed to comment upon. But what of "the expenses of the Committee" that this resolution proposes to "provide" for? How much are those "expenses?" What do they include? Let us have the items and the amount. The people want to know *how* their money is expended. They have a right to know, and we call upon the Senate to publish to the world all about these "expenses." Bring them out in full.

UNFAIRNESS.—The *Sentinel* expressly stated yesterday, that the Committee in their report "exonerate the Treasurer from being party to the swindle." The *Standard* with characteristic unfairness endeavors to make the impression that we said the opposite. Our whole article is written in a spirit of fairness that the *Standard* is wholly incapable of appreciating.

"David Landreth & Son, the well known seedsmen of Philadelphia, some time since, rented a farm near Goldsboro, and are now busily engaged in preparations for a heavy crop of vegetables.—*Raleigh Sentinel.*

Our esteemed contemporary of the *Sentinel* is surely mistaken as to Messrs. Landreth's having rented a farm in this vicinity. It is, however, true that extensive preparations are being made in and around Goldsboro, with Landreth's famous Garden Seed, for a heavy crop of vegetables.

We copied the article from some other paper.—ED. SENTINEL.

IMMIGRATION.

The files of the *Sentinel* will show an undeviating fidelity to the best interests of North Carolina. From the first number to the present time the conductors of this paper have striven sedulously to promote every cause that could possibly ensure to the good of the State. We have not confined ourself to mere party questions, but we have discussed those topics again and again that concern the industrial interests of the State. When the Legislature adjourns, if such a consummation so devoutly wished ever takes place, we hope to add much variety to our columns by the introduction of new and interesting departments, and to have articles specially adapted to the pressing wants of our people. At present, their greatest want is, to have the hands go home. We have tried our best to induce them to comply with the urgent demands of the people, but thus far the temptation of $7 a day has proved of greater power than the univocal voice of their constituents. Among the subjects discussed in these columns which we deem of very great importance, is that of Immigration. We believe that this question is of the first importance, and that our people owe it to themselves to devote time and money to the advancement of this great project. A meeting is soon to be held in Goldsboro' which should be attended by every one interested in the development of the resources of our State, and who appreciate the importance of promoting immigration.

But whilst the *Sentinel* has done what it could to induce industrious and virtuous people of the North, and from Europe, to come among us and help us build up our waste places and develope the very great resources of our old State, what has been the course and influence of the *Standard?*

We will not copy the language or manners of this paper, that has abused every prominent man in North Carolina, and that neither regards sex nor vocation, and without characterizing its mischievous policy, as it so much deserves, we refer our readers to the article published elsewhere upon Immigration, which is copied from the Goldsboro *Messenger*. It will be seen from that article, that the *Standard*, in checking so successfully as it has, the spirit of immigration, has already done incalculable mischief. It has wrought more evil in North Carolina than every other agency combined, and never before was it animated by a more acrimonious and wicked spirit than marks its course at the present. Its misrepresentations and unjust attacks have even crossed the great ocean, and the sad results may be seen to some extent in the letter published in the article taken from the *Messenger*. Let all of our readers be certain to read the article referred to.

THE WAY THE MONEY GOES.

The people do not generally know, that the General Assembly have Victor C. Barringer, William B Rodman, and Albian W. Tourgee, hired to draw bills for them. Shame where is thy blush! Yes, *paid*. Paid $600 per month. Such a thing was never known before in the history of this State. Parties hired to draw bills at the public cost is a new feature in the Legislation of the State. This however, is one of the features of the *new* order of things. But is it not humiliating to think, that the assembled wisdom of the State (God save the mark!) have to hire work which was done by all their predecessors. This is but an admission of the incapacity and imbecility of our present Legislators, and of the rank corruption of the party now in power.

Two thousand four hundred dollars given, and for what, and to whom? Paid to Barringer, Rodman and Tourgee. And pray what has this *trio* done? They have drawn forty-six bills, that is all. Hence these pets of the party have received over fifty dollars for each bill. Is this robbery to be perpetuated! Such was never known before, in the good old North State.

In this connection it ought not to be overlooked, that Rodman and Tourgee get their regular salaries, in *addition* to the above. And, further, that their salaries are to be continued the year round, whether doing anything or not.

Republicans, (not carpet-baggers,) have told us, that the continuation of this Code Commission was an outrage upon the tax payers of the State. Being wrong, have none of them the moral courage to offer a bill to repeal the Ordinance, creating these *bill drawers?* We will see.

THE MARCH OF IMPERIALISM.—The *National Republican* states that the Executive Mansion is to be ornamented with statuary, painting, etc. Among the prominent works of art are full sized male and female Indian figures in bronze, intended to be placed in the hall in the rear of the main entrance hall, and with which will be coupled a handsome gas fixture.

A beautiful statuette of "George Washington and his Hatchet," in pure Italian marble, upon a dark green base, "Franklin and his Whistle," "William Tell and his Son," "Napoleon at Confirmation" "Lincoln," by Romelli, "Freedom," a magnificent thing by Rosetti, are also included among the articles. The Blue Room is to have a splendid Louis XVI clock, with Roman lamps in ormolu and gilt on either side. The Red Room will have a real Sevres vase, with gilt finish, with a beautiful noquet of artificial flowers. Other portions of the mansion will be ornamented in like manner.

There is a measure before the House of Lords which looks to the suppression of crime as a profession in Great Britain. It proposes that a person once convicted of felony and not sentenced to penal servitude shall, on a second conviction, become a "suspect," liable to arrest at any time without warrant and be compelled to tell how he lives, and, if he is not getting an honest living, he may be sentenced to a year's imprisonment. He is to be under a period of observation seven years, and liable to arrest for circumstances which may render it probable that he is about to commit a crime.—Three arrests and convictions of this kind within five years subject the prisoner to an additional punishment of seven years penal servitude, and after that he is a "suspect" for life. Ticket-of-leave men and receivers of stolen goods are also to be subject to more stringent liabilities. This is an entire reversal of the established opinion in Great Britain and in this country that a man is supposed to be innocent till he is proved to be guilty; and the increase of crime here may compel the adoption of the new system.—*N. Y. World.*

Legislature of North Carolina.

Mr. Love introduced a bill in relation to Criminals.

The Rules were suspended, and the following Rail Road bills were taked up—

House bill in regard to the University Rail Road—amendments to the charters—passed several readings.

Bill to incorporate the Fayetteville and New River Rail Road Company, read second time; whereupon, Mr. Scott offered a substitute for the bill, which was read, and its adoption urged by Mr. Scott—the section of country through which this road is proposed to run, has never asked for internal improvement favors, and being a large tax paying community, they had a right to demand the charter, &c. He thought the road would pass through as fine a section of country, as can be found in North Carolina, and would prove of immense value to the people.

Mr. Respass opposed the bill, on the ground, that the bill asked for an appropriation of $1 000,000 —the State was unable to incur any more rail road debts—our bonds were already depreciated.

Messrs Hayes and Murphy advocated the bill.

Mr. Murphy gave an account of the rich country proposed to be traversed by this road, and of its vast importance to North Carolina.

The substitute was adopted; and the question recurring on the passage of the bill on its second reading, resulted, yeas 19, nays 17.

The bill to enable the Chatham Rail Road Company to equip and complete its Road, was read a second time; whereupon, a protracted debate sprung up on the merits of the bill.

Messrs Cook, Davis, Richardson and Jones of Wake, advocating—Messrs Robbins, Sweet and Graham opposing.

Mr. Moore, of Carteret, moved the previous question, and the vote stood, yeas 19, nays 16.

The Tennessee River Railroad bill was next taken up and read a second time.

Mr. Love briefly, but forcibly, set forth the claim, prospects, and advantages of this road. Bill passed—yeas 17, nays 14.

The bill to charter the Milton and Dan River Railroad Company—read second time and passed. On its third reading.

Mr. Respass moved its indefinite postponement—prevailed.

Bill to amend the charter of the Plaster Bank and Salt Work Railroad Company, read second time, amended; and pending the further consideration of the bill, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

WEDNESDAY, March 24, 1869.

Prayer by the Rev. Mr. Atkinson, of the Presbyterian Church of the city.

Journal of yesterday read and approved.

Leave of absence were granted to Messrs. Ingram and Durham.

By Mr Long, of Chatham: A bill for the removal of obstruction to the passage of fish in New Hope River.

Mr. Stilley, from the Committee of the Judiciary, reported favorably upon the bill making the act of going masked, painted, or otherwise disguised, a felony.

The bill was placed upon the calendar.

By Mr Kinney: A bill in favor of David Lottin. Referred.

By Mr. Malone: A bill to define the duties of the Superintendent of Public Works in certain cases and for other purposes.—Ordered to be printed and referred to the Judiciary Committee.

UNFINISHED BUSINESS.

The bill to legalize interest upon open accounts.

Mr. Smith, of Alleghany, took the floor and explained why he had introduced the bill.

Mr. Justice, of Rutherford, moved to lay the bill on the table. Carried.

SPECIAL ORDER.

Bill making the act of going masked, painted or otherwise disguised, a felony.

Mr. Downing said he offered the bill in consequence of intelligence reaching the city of outrages by persons going disguised or masked. He moved the previous question, on taking the vote.

Mr. Hodnet, in explaining his vote, said this attempt of a man who had not a drop of North Carolina blood in his veins—that it was a *cowardly* attempt, that this is a proposition to make a high felony under the gag of the previous question. The cause of the disturbance which originates the bill was an attempt to punish a negro for an outrage upon a *young girl*, 14 years of age.

The House refused to sustain the call for the previous question. Yeas 45, nays 47.—The question recurred on the passage of the bill on its second reading.

Mr. Durham said this was an attempt to make a crime without any charge of *criminal intent*. This bill attempts to punish for a simple act. A man might playfully and without wrong design be punished. If a man disguises himself for the purpose of *arms* he would go for inflicting punishment—but the mere putting on a mask is no evidence of crime. If the bill required that evidence should be left to the jury with *intent* to commit a crime it would be less objectionable. No lawyer ever heard of such a proposition in a country where jury trials are respected.

Mr. Ingram said many objections to the bill existed.

Mr. Malone offered the following amendment to section first:

"And any person who shall join any secret political organization in which pretended oaths are administered."

Harris, of Wake, colored, advocated the bill.

Mr. Pou thought mob law was not justifiable in any case, and that he did not justify the stirring up ill feeling between the races. He knew several of these masked parties who were white men, and members of the Republican party. He was in favor of making the mere fact of *disguise*, without any proof of intention, a felony.

Mr. Pou favored the striking out the 3rd section of the bill as it gave too much power and might lead to abuses—it is suggestive of violence and bloodshed.

Mr. Hodnett spoke at length against the bill, especially the 5th section of the bill as it would be a warrant to any man to shoot and kill another on a mere grudge or mistake of his own with impunity. He wished no such extraordinary bills, and hoped that quiet would prevail among the people, and forget the past unhappy differences.

Morris, colored, favored the bill; had determined to vote for the bill as soon as he heard it read by the Clerk.

Mr. Jarvis said he did not belong to any secret organization, neither did he favor crime committed under any pretext, but here you propose to enact a law, that if A finds B disguised, he shall shoot him down and be guilty of no offence. This act has no precedent in Judicial history. Is it not sufficient if a man blacks himself and attempt to commit crime, to have him punished by the Courts?

Mr. French spoke in favor of the bill.

Mr. Downing advocated the bill as offered, and said that in many portions of the State these men cannot be punished by Courts.

Mr. Malone opposed the bill. He thought that no man ought to be punished without evidence of *guilty intent*. He thought that this discussion, and attempt at legislation of this kind, did much harm. It goes near the idea that great lawlessness pervades the country—that the Courts are inadequate to punish violence. If the Courts are inadequate it certainly would be unsafe to give the power to punish into the hands of individuals who might use this power for revenge—and might result in bloodshed in every neighborhood in the State.

This whole movement originates in a ridiculous attempt to pander to letter writers, and partizan newspaper articles, which tend to inflame and misrepresent the true condition of affairs. A few weeks ago we passed a joint resolution, inviting immigration, and reciting that peace and tranquility existed in the State. I had hoped that no farther effort would be made to *magnify these fabled statements* of crime, and that immigration would flow in the State; but if this body is to *dignify every little miserable report of disturbance* into a huge *civil war*, then we may well *despair* of building up the State. Foreigners will not come to our State where such lawlessness seems to exist.

Mr. Bowman spoke in favor of the bill and said that if the 3d section could be amended so as to suit the House, he would have no objection. He thought that if a man was found disguised to commit crime he should be punished, and the slayer should be held guiltless.

Mr. Downing moved the previous question—which was sustained.

The question recurred on the amendment of Mr. Pou to strike out section 3.

The yeas and nays were called and resulted in the following ballot:

YEAS.—Messrs. Allison, Argo, Armstrong, Boddie, Clayton, Davis, Davidson, Dixon, Durham, Farrow, Ferebee, Gibson, Green, Grier, Hawkins, Hicks, High, Hinnant, Hodnett, Humphries, Ingram, Jarvis, Justus, of Henderson, Kelly, of Davie, Kelly, of Moore, Long, of Chatham, Long, of Richmond, Malone, Matheson, McMillan, Mendenhall, Moore, of Alamance, Nicholson, Painter, Pou, Robinson, Smith, of Alleghany, Smith, of Wayne, Stanton, Welch, White, Whitley, Williams, of Harnett, and Williams, of Sampson.—43.

NAYS.—Messrs. Ames, Ashworth, Banner, Blair, Bowman, Carson, Carey, Cawthorn, Cherry, Crawford, Downing, Estes, Forkner, Foster, Franklin, French, Gahagan, Gilbert, Graham, Gunter, Harris, of Wake, Hayes, Hendricks, Hodgin, Horney, Hudgings, Justice, of Rutherford, Kinney, Laflin, Leary, Mayo, McCaniess, Moring, Morris, Pearson, Peck, Price, Ragland, Renfrow, Robbins, Reynolds, Simonds, Snipes, Stevens, Stilley, Sykes, Vestal, Vest, Wilkie, Williamson, and Wilson.—52.

The question then recurred upon Mr. Malone's amendment in regard to *secret oath bound organizations of a political character* which was voted down by the House.

The question then recurred upon the passage of the bill on its second reading.

The yeas and nays were called, and the bill passed its second reading, by the following ballot:

YEAS.—Messrs. Ames, Ashworth, Banner, Barnett, Blair, Bowman, Carson, Carey, Cawthorn, Cherry, Crawford, Dixon, Downing, Estes, Forkner, Foster, Franklin, French, Gahagan, Gilbert, Graham, Gunter, Harris, of Wake, Hays, Hendricks, Hodgin, Horney, Hudgings, Ingram, Justice, of Rutherford, Kelly, of Moore, Kinney, Laflin, Leary, Mayo, McCaniess, Moring, Morris, Pearson, Peck, Price, Ragland, Renfrow, Robbins, Reynolds, Simonds, Snipes, Stevens, Stilley, Sykes, Vest, Wilkie, Williamson, Wilson.—54.

NAYS.—Messrs. Allison, Argo, Armstrong, Boddie, Clayton, Davis, Davidson, Durham, Farrow, Ferebee, Gibson, Green, Grier, Hawkins, Hicks, High, Hodnett, Humphries, Jarvis, Kelly, of Davie, Long of Chatham, Long, of Richmond, Malone, Matheson, McMillan, Mendenhall, Moore, of Alamance, Nicholson, Painter, Pou, Robinson, Smith, of Alleghany, Smith of Wayne, Stanton, Welch, Whitley, Williams of Harnett, Williams, of Sampson.—37.

Mr. Downing moved to suspend the rules and put the bill on its third reading.

The yeas and nays were called, and the House refused to suspend the rules, by a vote of yeas 60, nays 37, (not a two-thirds majority as required by the rules.)

Adjourned.

CHINA.—It is stated that the Hoangho, one of the largest rivers of China, has recently changed, or is changing its outlet, and now enter the sea at a point 500 miles north of its recent mouth. It is reported that the Rev. Dr. Martin, one of the professors in the new University at Pekin, recently walked dry-shod over the spot where, in 1816, Lord Amherst's junks lay, while the natives burned incense to insure a favorable passage. It is conjectured that in this devistation the river is only returning to a bed on the north side of the highlands of Shantung, throught which it formerly flowed; and, according to Chinese records, it has repeatedly shifted its channel, sometimes dividing by a delta, sometimes entering the sea by a single mouth.

You're just like Dick Footrup. He was always spooning after some one—always desperately in love till he had managed to make the girl care for him, and then he was sick of it at once and anxious to be off. "A fellow can't hunt a dead fox," he used to say.—*Bentwood for February.*

"Mack" says that Grant's appointees to the Cabinet have given him, on an average, $25,000 each, which is too little to pay for a seat, and that a fairer and more remunerative way would be to sell the places at auction.

H. G says in a lecture: "If I were asked what is the most urgent need of woman of our day, I would imitate Demosthenes," &c. From which those whose misfortune it was to endure the extraordinary elocution of H. G. infer that he has never been asked that question.

What a scratch back administration it is. You tickle me and I'll tickle you. Well is he named U. S. It spells us—me and my friends.—*World.*

For the Sentinel.

"AN ACT TO RAISE REVENUE."

The bill as it went from the House was in all conscience high enough in its rates; but the chairman, C. H. Brogden, of the Committee of Finance of the Senate, has given the death blow to citizens and business men of the State who expect to make honest returns of their business. Let us take a few examples!

1st. Amendment marked "A," class 1, section 1, there shall be levied an advalorem tax of thirty cents on every one hundred dollars of the assessed cash value of all real property in the State, &c., value to be enhanced by all improvements, or by mines, machinery, &c., and fisheries appertaining to said land. Here we see that the *land* having a *fishery*, for instance, appertaining to it enhances the value of the land, and the enhanced value is taxed an advalorem value of thirty cents on the hundred dollars of the cash value of the land. But not content with this, the Senate Committee recommended amendment marked E, schedule B, page 30, line 12, that the owner of every fishery shall pay annual license tax of *ten* dollars, and *one and a half per cent.* on his *net* income. Here we see that the fishery is actually taxed three times—first by being connected with the land; second, direct license tax; third, income tax, and so it is with most of the suggestions made as to other taxables.

The tax upon merchants actually amounts to a prohibiton. Let us see. 1st, a license is required to do business of twenty cents on every hundred dollars worth of purchases. See amendment E, schedule B, page 26, line 8. Again in same amendment and schedule, page 26, line 6, every merchant is taxed one and one half per cent on total amount of his purchases. Again, amendment B, class 2, page 21, line 17, if a merchant's income is $5.000 he is taxed 3 per cent. How stands the case now? If a merchant doing business, or is starting in business, and his gross income is $5 000, and his investment in goods is, say $20,000, first he pays 20 per cent license tax on each one hundred dollars of the twenty thousand amounts to $40 00

His sales amount to $25 000.

2d. He pays 1½ per cent on sales, $25 000, $75,00

3rd. 3 per cent on his income, $5,000, 150,00

His capitol, if he borrow it or owns it, is worth 10 per cent, 2 000,00

$2,565,00

Now this is for his money used and taxes to the State, but now to be added his county taxes, which may be by law twice the amount of the State taxes, then his city tax, then his United States. Where do we find your honest merchant now? Why simply broke, worse off by far than if he had not invested a dollar in business, and the field is now open for dishonest traders and merchants, who will make fraudulent returns, or the people of North Carolina will have to send out of the State for purchasing their goods, as it will be cheaper for them to do so.

The Committee have also recommended higher taxes, upon theatricals, concerts, billiard tables, &c., which will amount to a prohibition, for the writer of this is assured by the sheriff of the county of Wake, and the Mayor of the city of Raleigh, that more taxes have been collected by State, County and Town, since the taxes laid by the last Constitutional Convention went into operation, than had been collected in five years before from the same sources.

Let us take, for example, the tax on a theatrical company, as the law now is, (which is too high now for the largest revenue.) The State charges $5 per exhibition:

The county twice	
the State,	$10 00
The City,	5 00
	$15 00 each exhibition.

The committee recommended just double this amount, in all, $30 per night. Does not every one see that this enormous taxation will amount to prohibiting these companies from ever visiting the State, and of course a loss in the way of revenue will be the result. Many other examples can be made in the amendments proposed, but this article is already long enough to show to Senators the great injustice to their constituents, if this onerous, burdensome, prohibiting tax bill, as amended by the Senate committee, is foisted upon the people of the State.

North Carolinians have been proverbial for their honest obligations, and the cheerfulness with which they paid their taxes; but in the present, broken down, poverty stricken state, they cannot pay these excessive taxes.

A WILLING TAX PAYER.

P. S.—The act is unconstitutional, as the Constitution expressly declares that "no income tax shall be laid where the principal from which the income derived is taxed."

NEW ADVERTISEMENTS.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10 005,550.00
Total Premiums,	350,117.08

The whole number issued by the Connecticut Mutual in the first year of its existence was 809.

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	843
" Phœnix Mutual,	835
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies. In its 10th year, 1,360 " And in its 50th year, 2,841 " this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

CAUTION! We desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Sais Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

NEW ADVERTISEMENTS.—50 Bags of Nice White Meal for sale by W. H. Jones & Co.

A comfortable house for rent, by W. H. Jones & Co.

Skiff and Gaylord's Minstrels in Raleigh, March 23, '6, 7—for three nights.

AT a meeting of the fire department of the City of Raleigh, for the election of Chief Engineer, Jos. T. Backalan was elected for the year 1869.

PROTRACTED SESSION.—The Senate was engaged all of yesterday, and last night, up to eleven o'clock, considering the Revenue bill. It was finally passed through its several readings with many amendments, and will be forthwith transmitted to the House for concurrence. It is not to be even hoped, that the amendments will meet with the approbation of a majority of the House there are a Committee of Conference will be raised, to whom the matter will be referred for adjournment—and we may safely calculate that the Bill to raise revenue will become a law the present week.

We understand there is an immense amount of business yet pending before both houses—among other bills, the School bill must be acted upon, and we have no doubt will—yet, there are many which must necessarily "go over" to the next winter session. This will be a source of sad disappointment to many gentlemen, who have industriously lobbied both houses for at least two months.

THE MINSTRELS.—We are delighted to welcome once again that excellent band of minstrels, under the management of Skiff & Gaylord. To speak of the popularity of this troupe would be superfluous, as the patronage of our citizens hitherto has proven them no strangers to their merits.

A noticeable feature of the entertainment says a New Orleans paper, is Prof. Shaffer's Panithopticonic views. These alone redeem the price left at the box office. Among the most striking may be found the city of Bethlehem, the birth-place of our Savior, with the guiding star brightly beaming above the lowly place of refuge in which the wise men found the holy child, the Gatenda or Crucifixion, the Temple of the Holy Tomb, St. Peter's Church at Rome, exterior and interior views, and many other Biblical scenes. The lovers of home scenes will admire Niagara Falls, Washington crossing the Delaware, &c., while those whose tastes prefer foreign beauties will be amply gratified with views in France, Germany, Italy, &c. The storm and sea is very grand: the ship is laboring under a heavy sea, clouds, thunder and lightning, the wreck and then when all is over God's promise of peace—the rainbow spans the sky. We would say to parents that the views are both amusing and instructive, and should be visited by all the little folks. Their visit being positively but one night we hope to see the house full to overflowing. *Terre Haute Journal.*

"LET US HAVE PEACE."

Just as we are preparing for the press the alarm of war is borne on the breeze. The facts hastily gathered, seem to be these.—Mr. Sweet to-day, in his place in the Senate, made some reflections upon young Jenkins, son of the Treasurer, and as he was returning after adjournment to his home, he was approached in a threatening manner by said Jenkins, and there appeared to be a prospect for a fight with pistols as both are supposed to have been armed. Parties interfered and no blood was drawn.

The scallawags sided with Jenkins, and the carpet baggers took sides with the Senator. Gentlemen, "let us have peace."

We have heard no news from the seat of war. The Governor's "snatish," have no doubt squelched the "new rebellion in Alamance" before this. Quit "Gov." if that is not "advising sedition." Blow your horn Billy!

RUMOR.—It is rumored that the House will adjourn, if not on the 29th, at least in a week or two, and leave the Senate to draw seven dollars a day "all alone in their glory." This news, if reliable, will be hailed with satisfaction throughout this sorely afflicted Commonwealth. Go home, go home hands, and remain there forever.

THE MORNING STAR.—This admirably conducted paper has been enlarged considerably. We are pleased to see this evidence of prosperity and hope its lustre will grow brighter and brighter each revolving year.

SHOT.—J. W. Plummer tells us that a shooting affair occurred in Lumberton last Saturday, and gives us the following particulars:

A number of street hands (eleven) were placed under the charge of a Mr. Tally, and finally seven of the number refused to work and attempted to escape, whereupon Mr. Tally shot one of them with buck shot, and stopped his flight, while the remaining six made good their escape.

The hands were all colored, and the wounded man is expected to live.—*Wil. Star.*

STATE NEWS.

SALE OF THE ATLANTIC HOTEL.—Mr. Lon J. Moore sold under the hammer on Thursday, the large building in the town of Beaufort, known as the "Atlantic Hotel." Mr. Albert Day, of Goldsboro, was the purchaser for the sum of $1,310, becoming liable for incumbrances.—*Journal of Commerce.*

We learn that James Land and his two sons, the surviving participants in the late terrible tragedy in Alexander county, have had their trial removed to Caldwell county. *Statesville American.*

BRING SURVEYED.—Gen. W. G. Lewis, of Tarboro, is now engaged in surveying this town, and laying off in squares the portion not built up. This survey was rendered necessary to make a proper assessment of the lots in order to complete the tax list.—*Weldon News.*

NEGRO WOMAN SHOT.—A negro woman, living in that debased locality, on West Centre street, nearly opposite the old Steam Mill, which has long been a perfect nuisance to Goldsboro, was shot, by some unknown negro man, on last Friday night. It seems that the woman had occasion to be out in the yard when a gun was fired towards her, lodging a full charge of squirrel shot in her body. Some time ago the woman left her husband, and there is some suspicion that he fired the gun.—*Messenger.*

CUT WITH AN AXE.—Joe Steele of Alamance—about the Mt. Willing neighborhood—was badly cut the other day. One statement is that as Steele was riding along the highway a negro jumped from behind a tree and struck him with an axe, splitting his skull and severing his nose in twain—His condition is critical.

An old negro, named Alston, was in town on Saturday. He states that a company of men—masked, came to his house for the purpose of lynching his son who had attempted a rape upon a fourteen year old white girl. They shot his son. He and his wife "went for" the party. His wife split the skull of one man with an axe, remarking, "dat she had left her mark on dat man." "Let us have"—strong men strongly clad in the knowledge of their strength to enforce the law—not idiots and nincompoops. The people of all classes demand it.—*Hillsboro' Recorder.*

Squire Alston, a negro of Alamance, attempted to commit a rape on a girl of fourteen years. This is the third time he has been guilty of this act; some persons went to his house last week and gave him a good chastisement, whereupon the negro not being satisfied seized his gun for a fight, his wife and son helping; the negro got shot and his son, his wife knocked down.—*Hillsboro Recorder.*

Notice is given by Rev. N. Aldrich, Secretary, that the Evangelical Lutheran Synod of North Carolina will convene in Freiden's Church, Alamance county, N. C., on Tuesday before the first Sunday in May, at 10 o'clock, A. M.—*Wil. Star.*

PRISONERS IN JAIL.—The number of prisoners now in jail is quite large, there being no less that 67 in confinement. Of these 49 are charged with larceny, and 3 with burglary.—*Wil. Jour.*

We are indebted to Mr. Atkinson for several copies of late European Journals, published in Switzerland. These papers contain translation of that malicious article which appeared in the Raleigh *Standard* of Dec. 17th, touching Swiss settlement in this country and various other reports. We shall probably refer to them hereafter.—*Daily Messenger.*

FIVE MURDERED MEN FOUND.—The bodies of the five men that were taken from the Kinston jail and murdered by a mob some weeks ago have been found. Two were seen floating down the river a few days ago and were picked up and buried, and since that time the other three have been seen floating by a seine beach, and undoubtedly have been rescued. Their murderers are yet unhung.—*Newbern Times.*

A COLORED TEACHER IN HIS GROG.—The Rev. Mr.——, Teacher of a negro school—under the influence of "run around" whiskey, applied the rod the other day to his whole school, numbering some sixty scholars. He hemmed the whole party of little nigs and came down on them like he was breaking up a nest of black snakes.—Two of the school got loose and gave the alarm to his "brudren." Such was the electric effect upon the colored pedagogue that he went into a regular shout—leaping, jumping and screaming. Some of the faithful reached the spot in time to release the frightened pupils.—*Hillsboro Recorder.*

ARRESTED.—Robert Garvin, the colored man who a few days ago robbed the post office at Magnolia, was yesterday morning arrested in our city by W. H. Moore a colored deputy.

Garvin says he was a school teacher near Magnolia, and we suppose his profession was not quite so lucrative as the pedagogue wished. He obtained from the post office a large number of postage stamps, which in his haste he forgot to bring with him, and, also, about $30 in currency, the most of which he had spent ere arrested. He was yesterday examined before Gen. Rutherford, U. S. Commissioner, and was committed to jail to await the arrival of certain witnesses whose presence is regarded necessary.

THE WILMINGTON PRESBYTERY.—We are requested to state, for the information of persons expecting to attend the meeting of Wilmington Presbytery by way of W. & W. Railroad, that there will be conveyances at Warsaw, on Wednesday evening, March 31st, to convey them to Clinton.—*North Carolina Presbyterian.*

FOUND DEAD.—The body of a negro man was drawn from the Neuse river near Kinston, a day or two ago. Whether he was drowned or came to his death from some other cause, is unknown. The coroner's jury found a verdict in accordance with the above facts.

THE DOWD MONUMENT.—On Saturday the 24th of April, says the Biblical *Recorder*, at Mt. Pisgah Church, in Chatham county, a monument will be raised over the grave of Rev. Patrick Winston Dowd. Masons and Baptists are invited to attend.

Joel Mitchell, an aged colored man, died in this county, aged 105 years; it is seldom that we see one of his age. He will be regulated by the name of Arab.—*Hillsboro Recorder.*

RECEPTION OF THE STEAM FIRE ENGINE—GRAND TURNOUT OF FIREMEN AND CITIZENS. The first steam fire engine ever brought to Wilmington—the "John T. Rankin"—was yesterday publicly received by the Howard Fire Relief and Hook and Ladder Companies, and was attended by hundreds of our citizens.—*Wilmington Journal.*

One night last week some one entered Mr. Elliott's Grocery—over the Virginia line at a place called Mountain Hill, 3 miles from Milton—and took all the Groceries he had, and all of his money—about one hundred dollars.—*Hillsboro' Recorder.*

Mr. William Jones of Person county has a sow that had sixteen pigs one day last week.—*Hillsboro' Recorder.*

IMMIGRATION.

The Radicals have resorted to every scheme, within their reach to prevent the tide of European Emigration to North Carolina. It seems that they are alarmed at the great energy displayed, by many of the most intelligent citizens of this State, to influence immigration hither, and, therefore, resort to all means possible to discourage these worthy people from coming here. That infamous article, which appeared in the Raleigh *Standard* in December last, insinuating, that the treatment of those Swiss, now settled on Atkinson's plantation, near this town, was both cruel and other similar falsehoods have been spread broadcast over the whole country, in the different languages.

At the time that infamous article appeared in the *Standard*, we determined to satisfy ourselves in regard to the matter, and visited the Atkinson's plantation. We found at once the falseness of the assertions contained in the article, and, therefore, pronounced *the whole a fabrication of injustice and falsehood.* This has since been substantiated in the report of Gen. Hinks, who, at the instance of the Swiss Consul General of Washington city, investigated the condition of these people. But here it did not stop, the infamous news soon spread broadcast and it grew in malice as it went.—Another letter, just received from Mr. Atkinson, dated Switzerland, March the 1st, informs us that the malicious news is now going the rounds of the press in that country, poisoning the minds of those who had already made engagements with Mr. Atkinson to emigrate to North Carolina. We are permitted to publish an extract from a letter, just received here by Mr. Thomas Atkinson, from his brother. Here is the extract:

"That article which was published in the *Standard* concerning the treatment of the Swiss on our plantations, is now rapidly circulating throughout Switzerland and portions of Germany; also other similar and equal, as infamous reports and rumors, generally warning the Swiss people to stay away from North Carolina and other Southern States. Yesterday I saw the U. S. Minister, Mr. Page, who desired to see all the articles published, also the reply of the Swiss, to the *Standard's* article, as published in the *Sentinel*. The Minister promised us that he would himself write an article, contradicting those reports, and have it published. We have also published a reply in several of the leading papers denying the charges and assertion. As I stated in my last letter to the Editor of the *Messenger*, we had already engaged upwards of one hundred and had partly secured passage for that number. They were to have left here on the 4th inst., but just about that time those infamous reports were going the rounds of the papers, which had the effect of scaring many of them and they declined to go. I think now we have about 70 in the first lot, which will leave Havre by the steamer Cuba, on the 13st. for New York, and you may look for them about the last of this month. I am now satisfied that the only and the surest way we can fill our orders is to charter a vessel direct to Wilmington or Morehead City, which I am about to do. The agents here desire to know the depth of the waters near either of those harbors. I have already some fifty or more outside of the first lot, which I intend to ship direct to North Carolina as soon as I can get a cargo of them. There are a great many persons here all anxious to emigrate, but generally they are not able to pay their way yet, these are the very best of laborers and are just such as we want in North Carolina, but, if we expect to get them we must extend them our aid."

* * * * * * *

We hope this matter will be well investigated at the next meeting of the North Carolina Immigration Association, which will assemble here on the 3d of April next. We want good and steady farm laborers, and we must make the life of all who choose to come among us pleasant, and then they will become interested in our welfare and interest, and our interest will be theirs.—*Daily Messenger.*

DIED:

Near Trinity College, Randolph County, on the 18th inst. in the 63rd year of his age, Col M. W. LEACH, a highly intelligent and influential citizen, and a most interesting and companionable man. He was much esteemed by his neighbors, among whom he was conspicuous for his warmth of feeling and his original, yet practical, mind.—His death creates a void in many hearts of which they will long be sensible. He leaves a wife and three daughters, who will deeply feel their great loss. But hope in Jesus, when brightened his declining days, rem ins to cheer surviving friends.

H.

IN MEMORIAM.

It is with feeling of the deepest regret that the "Scuppernong Literary Club" records the loss of one of its most valuable and highly esteemed member Dr Hardy Harrison. It has pleased an all-wise Providence to remove him from a world of disquietude to the rest that "remaineth to the people of God." While deploring our loss we are advised by the tenor of his life that it is his great gain. This style of language is generally used when alluding to the decease of our friends. In this instance it is not merely the true and common place expression of approbation but an attestation of the simple truth. Dr. Harrison's firm and elevation of principle expansive conception of christian duty, simplicity of faith and fervency of prayer were apparent in his every day life. His practical judgment strong executive powers and untiring patience were exhibited in the nature and excellence, of his labors. He gave year after year of toil and exposure to the community where he resided. The pelting rain of autumn, the chilling show of winter, the burning sun of summer, in a sickly clime alike found him abroad on his mission of mercy to the suffering. His constitution of the amiable qualities of a physician and nurse in an eminent degree. His almost unparalleled tenderness of manner, sympathetic consideration affection, discreet and quiet caution in the administration of medicine and patience and skill in noting to effects endeared him peculiarly to the recipients of his ministeration. All he was, all he had all he received, he cheerfully laid on the altars of the noble cause to which his whole life was devoted. These considerations require to be connected and interwoven with the frank genial sociabness of his nature, its playful humor, serene dignity and simplicity of its devotion when attempting to form a just estimate of his character, that bounded in one harmonious whole, those rare qualities of mind that command our affection and veneration. There was something touchingly beautiful in the decline of his life. His tenderness and anxiety for his patients his unremitting attentions to them regardless of weather or his own impaired health, seemed to increase, as the light of the world on whom he was fastening brightened his upward pathway, his Heavenly Friend who saw the end from the beginning, had counted out his days, and they were fast hastening to a close, though we knew it not.—When he finally closed his weary eyes, he had literally worn out in the service of his fellow man every energy with which his Creator had endowed him.

To the bereaved family we offer our heart felt sympathies, praying that they may be sustained in their severe affliction and that when they cease on earth they may live in Heaven which we believe is the resting place of our departed friend.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE
INSURANCE COMPANY,
141 Broadway, N. Y.

ASSETS OVER
$1,000,000!

CHRIS. ANDREW, JR., ... President.
ABRAM D. POLHEMUS, ... Vice President.
WILLIAM M. COLE, ... Secretary.
D. P. FACKLER, ... Operating Actuary.
DANIEL AYRES, M. D. LL.D., Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all sections, from the finest laces to the best blanket. For flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany the introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some counselling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? so let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by
